

VPAA Webex

Wednesday, July 15, 2020 @ 3:00 p.m.

Welcome- Dr. Kathryn Hornsby

1. GVTC Update- Robert Keown/Pam Warren

Pam: Working with Adult Ed. and Economic Development. Provided URL's:

<https://adulthoodgo.blackboard.com/> and <https://adulthoodgo.blackboard.com/>

Adult Ed - 1st group will be ready to start August 10. Reviewed 2 marketing web sites. Colleges need to have conversations about who is going to support students.

Economic Development - working to get payment system set up. Start date has not been determined yet. Reviewed website.

Robert: mentioned Banner course coding for online, hybrid, face to face.

2. Academic Calendars- Kathryn Hornsby/Annelise Berger

- Kathryn reviewed calendar spread sheets, and how the information is used.
- If changes need to be made to college calendars, notify Kathryn.

3. Responding to faculty who don't want to/refuse to physically come to campus/instructional sites- Joe Dan Banker

- Commissioner has given colleges flexibility regarding how to handle this. Meet with your college leadership team and/or presidents to determine policy and procedure. It is a college decision.
- Once you've discussed with faculty their concerns, and the faculty still do not want to go to the campus, then reach out to Courtney Ware first, and then Josh McKoon.
- <https://adulthoodgo.blackboard.com/>
- Melissa Alston (Augusta) shared: For faculty, we have said that they need to work on campus/clinical site 16-20 hours depending on divisional needs. Others who want to telework 100% online, we refer them to HR regarding the Families First Coronavirus Response Act.

4. Pre-Enrollment Dashboard- Alice Zimmerman

- Alice reviewed the dashboard.
- Robert encouraged everyone to use correct course code. Example: "web enhanced" code – is an old SREB category. In reality, all of today's courses are web enhanced.
- Dr. Love asked what, "interactive" code is. Central GA and Lanier are the 2 colleges which use that code. Robert - at Central GA, student has option of attending class in person, utilizing online, or going to a satellite campus.
- Currently, there is no coding for asynchronous courses/sections. Will be discussed with the Data Committee.

5. Other Questions- All

Adjourned at 3:34 p.m.
