Ticket Information:

At the October 2, 2014, BIOL Consortium meeting, the BIOL group asked to move the topic of “Principles of Evolution” from BIOL 1112/L to BIOL 1111/L. The group recommended that a small group meet to complete this task. The small group made the recommended changes and an electronic vote was conducted. The vote (with the changes described in the email sent with the voting link) was sent to the BIOL list serve (all colleges are represented on this list serve) and 15 colleges voted. The changes were passed with a 14 agree – 1 disagree vote. Therefore, the move of “Principles of Evolution” from BIOL 1112/L to BIOL 1111/L will occur.

The changes are reflected in the 201512 version in the Curriculum Database. The new courses also reflect an adjustment of minutes within the 4 courses (BIOL 1111, BIOL 1111L, BIOL 1112, BIOL 1112L) to keep the course credit the same for each course. Please consult the Curriculum Database for the changes. These changes should be implemented within a year from now. The revised courses are listed in the Curriculum Database as follows:

- BIOL 1111 201512 Biology I
- BIOL 1111 Lab 201512 Biology I Lab
- BIOL 1112 201512 Biology II
- BIOL 1112 Lab 201512 Biology II Lab
