---	--

Ticket Information:

The commercial truck driving probe voting period ended September 15th. 19 colleges currently offer the CTD programs and 15 colleges voted. 14 colleges agreed with the probe changes while one college disagreed. The positive comments received stated that evening courses may be easier to schedule and that a longer program makes TCSG training better than the private schools. The only negative comment alluded to the fact that the course reductions might negatively impact student retention and CDL pass rates.

The probe results will be reviewed by the VPAA's on Sept. 21st and then the presidents at their next scheduled meeting.
