Ticket Information:

These corrections were made in KMS for PHSC 1111 Physical Science course. No changes in content—just changes for clarifications, corrections of typos, and incorrect words.

Competency	Change/Reason
Mechanics	Deleted - Define voltage, and state how Ohm's law relates to current and resistance. Reason: This is Electricity and Magnetism outcome but already addressed in this competency.
Mechanics	Deleted - Distinguish between electrical power and electrical energy. Reason: This is Electricity and Magnetism outcome but already addressed in this competency.
Temperature and Heat	Reworded - Give examples of these methods. Changed to Give examples of the three methods of heat transfer.” Reason - Give examples of <u>these</u> methods” [seems to refer to methods of heat transfer referenced in #8].
Waves	Reworded - Describe image formation and contrast real and virtual images was changed to Describe image formation and contrast real and virtual images formed by spherical mirrors.
Waves	Reworded - Describe image formation and contrast real and virtual images changed to Describe image formation and contrast real and virtual images formed by spherical lenses.
Electricity and Magnetism	Reworded – Change from Discuss <u>conversion</u> of electric charge to Discuss <u>conservation</u> of electric charge. Reason: Incorrect word.

Ticket Information:

Electricity and Magnetism	Reworded – Change from Discuss interaction between two magnets to Discuss the interaction between two magnets. Reason: “The” is needed for clarification
Astronomy	Reworded – Change earth’s motion to the sessions to Relate earth’s motion to the seasons. Reason: Incorrect word.
Astronomy	Reworded – Discuss soar energy to Discus solar energy. Reason – incorrect word/typo
