**PAS Group Title/PAS Code: Cardiovascular Technology/0270**

Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):	
Cardiovascular Technology/CT13	Medical Physics/CAVT 1002 Cardiac Catheterization I/CAVT 1020 Cardiac Catheterization Clinical I (Introduction to the Clinical Environment)/CAVT 1021 Electrophysiology and Cardiac Anatomy/CAVT 1030 Advanced Hemodynamics and Cardiac Physiology/CAVT 1080 Drug Calculations and Administration/CAVT 1090 Cardiac Catheterization Fundamentals/CAVT 1100 Cardiac Catheterization 2/CAVT 2020 Cardiac Catheterization Clinical 2/CAVT 2030 Cardiac Catheterizations Clinical 3/CAVT 2050

<b>Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):</b>	
	Cardiac Catheterization Registry Review I/CAVT 2070

**TICKET INFORMATION:**

The Cardiovascular Technology IFCC met on February 19<sup>th</sup> and May 7<sup>th</sup> to review and discuss the revisions needed for the CAVT courses. Based on decisions made by the IFCC, the following revisions were made:

CAVT 1002: Medical Physics

- Removal of “one-required” statement from the pre-reqs description
  - Pre-requisites
    - Pre-requisites: One Required
      - Program Admission
  - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
  - Program Admission will remain as a pre-req requirement.
- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement and should be removed.

CAVT 1020: Cardiac Catheterization I

- Removal of “one-required” statement from the pre-reqs description
  - Pre-requisites
    - Pre-requisites: One Required
      - Program Admission
  - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
  - Program Admission will remain as a pre-req requirement.
- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement.
  - The CAVT 1021: Cardiac Catheterization Clinical I (Introduction to the Clinical Environment) course will replace “Program Admission.”

CAVT 1021: Cardiac Catheterization Clinical I (Introduction to the Clinical Environment)

- Removal of “one-required” statement from the pre-reqs description

- Pre-requisites
  - Pre-requisites: One Required
    - Program Admission
- Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
- Program Admission will remain as a pre-req requirement.
- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement.
  - The CAVT 1020: Cardiac Catheterization I course will replace “Program Admission.”

CAVT 1030: Electrophysiology and Cardiac Anatomy

- Removal of “all-required” statement from the pre-reqs description
  - Pre-requisites
    - Pre-requisites: All Required
      - Program Admission
  - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
  - Program Admission will remain as a pre-req requirement.
- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement and should be removed.
- Removal of “internship” description within the regular lab category and replace it with “lab.”
- Revision of learning outcomes
  - See Appendix for full details

CAVT 1080: Advanced Hemodynamics and Cardiac Physiology

- Removal of “all-required” statement from the pre-reqs description
  - Pre-requisites
    - Pre-requisites: All Required
      - Program Admission
  - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
  - Program Admission will remain as a pre-req requirement.

- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement and should be removed.

CAVT 1090: Drug Calculations and Administration

- Removal of “all-required” statement from the pre-reqs description
  - Pre-requisites
    - Pre-requisites: All Required
      - Program Admission
  - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
  - Program Admission will remain as a pre-req requirement.
- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement and should be removed.
- Revision of learning outcomes
  - See Appendix for full details

CAVT 1100: Cardiac Catheterization Fundamentals

- Removal of “all-required” statement from the pre-reqs description
  - Pre-requisites
    - Pre-requisites: All Required
      - Program Admission
  - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
  - Program Admission will remain as a pre-req requirement.
- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement and should be removed.

CAVT 2020: Cardiac Catheterization 2

- Removal of “all-required” statement from the pre-reqs description
  - Pre-requisites
    - Pre-requisites: All Required
      - Program Admission

- Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
- Program Admission will remain as a pre-req requirement.
- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement.
  - The CAVT 2030: Cardiac Catheterization Clinical 2 course will replace “Program Admission.”

CAVT 2030: Cardiac Catheterization Clinical 2

- Removal of “all-required” statement from the pre-reqs description
  - Pre-requisites
    - Pre-requisites: All Required
      - Program Admission
  - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
  - Program Admission will remain as a pre-req requirement.
- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement.
  - The CAVT 2020: Cardiac Catheterization 2 course will replace “Program Admission.”

CAVT 2050: Cardiac Catheterization Clinical 3

- Removal of “all-required” statement from the pre-reqs description
  - Pre-requisites
    - Pre-requisites: All Required
      - Program Admission
  - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
  - Program Admission will remain as a pre-req requirement.
- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement.
  - The CAVT 2070: Cardiac Catheterization Registry Review I course will replace “Program Admission.”

CAVT 2070: Cardiac Catheterization Registry Review I

- Removal of “all-required” statement from the pre-reqs description
  - Pre-requisites
    - Pre-requisites: All Required
      - Program Admission
  - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
  - Program Admission will remain as a pre-req requirement.
- Removal of “Program Admission” requirement from the co-req description
  - The co-req is a duplication of the pre-req requirement.
  - The CAVT 2050: Cardiac Catheterization Clinical 3 course will replace “Program Admission.”

A 2021 version was created for each of the CAVT courses to reflect the changes. Overall, the credit & contact hours within the CT13 program remained at 70 credits. Additionally, there are several CAVT courses embedded within other programs. Below is a detailed list of those programs. The 2021 versions of these CAVT courses will be uploaded within each of these programs; however, the uploaded versions of these courses will not affect the credit & contact hours of the program.

**Programs Containing Selected Course CAVT 1030**

Major Code	Program Name	PAS Code	CIP Code	Version	Quarter Indicator
VT13	Vascular Technology	0270	510901	201412	N
EC23	Echocardiography	1010	510910	201412	N
EC33	Adult Echocardiography	1010	510910	201412	N

**Programs Containing Selected Course CAVT 1080**

Major Code	Program Name	PAS Code	CIP Code	Version	Quarter Indicator
EC23	Echocardiography	1010	510910	201412	N

**Programs Containing Selected Course CAVT 1090**

Major Code	Program Name	PAS Code	CIP Code	Version	Quarter Indicator
EC23	Echocardiography	1010	510910	201412	N

**Programs Containing Selected Course CAVT 1100**

Major Code	Program Name	PAS Code	CIP Code	Version	Quarter Indicator
VT13	Vascular Technology	0270	510901	201412	N

Votes should be submitted no later than September 6, 2021.
