TICKET INFORMATION:

The MA22: Medical Assisting Diploma and MA23: Medical Assisting Degree PROBE voting period ended on Wednesday, February 3rd. The results were reviewed and approved by the President's Council Tuesday, March 9th, with the condition that the MAST 1170: Medical Assisting Externship course reflects the MAERB requirement of 160hrs. Therefore, the MAST 1170 course was further reduced from 225hrs to 160hrs, resulting in the reduction of overall program credit hours.

The MA22 program has been reduced from 54 credit hours to 53 hours. The MA23 program has been reduced from 63 credit hours to 62 hours. The recommended changes were updated and approved by the state board on Friday, April 1st, 2021. Colleges that offer the MA22 or MA23 programs will have a year to implement the changes.
