TICKET INFORMATION:

The NAA1: Nurse Aide Accelerated TCC PROBE voting period ended on Monday, January 25th. 22 colleges currently offer some form of a Nurse Aide program. Based on the PROBE results, 21 colleges voted. Of those 21 votes, 20 colleges voted in favor of the PROBE, and 1 college voted against the PROBE. Based on the comments, the program standards' language can be updated to align with the Department of Community Health requirements and responsibilities required for the profession. Additionally, an "or" statement for colleges to select between ALHS 1090: Medical Terminology & ALHS 1040: Introduction to Healthcare can be added to the standards. This will provide the colleges the flexibility to choose the course that meets their needs.

The presidents will review the probe results on Wednesday, January 27th for final comments and review.
