PAS Group Title/PAS Code: Radiologic Technology/1010

Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):	
Radiologic Technology/RT23	Introduction to Radiology/RADT 1010 Procedures I/RADT 1030 Radiographic Procedures II/RADT 1060 Radiologic Science/RADT 1065 Radiographic Procedures I/RADT 1075 Radiologic Equipment/RADT 1085 Principles of Radiation Biology & Protection/RADT 1200 Clinical Radiography I/RADT 1320 Clinical Radiography II/RADT 1330 Radiographic Procedures III/RADT 2090 Radiologic Technology Review/RADT 2260 Clinical Radiography III/RADT 2340

Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):	
	Clinical Radiography IV/RADT 2360

TICKET INFORMATION:

The Radiologic Technology IFCC met on March 22nd, 2021 to review the program and course standards. The primary purpose of this meeting was to update the KMS standards to ensure that it aligns with the latest version of the American Society of Radiologic Technologist (ASRT) curriculum standards. Based on decisions made by the IFCC, the following revisions were made to align with the ASRT curriculum standards:

RADT 1010: Introduction to Radiology

- Revision of learning outcomes
 - See Appendix for full details

RADT 1030: Radiographic Procedures I

- Revision of learning outcomes
 - See Appendix for full details

RADT 1060: Radiographic Procedures II

- Removal of "one-required" statement from the pre-reqs description
 - Pre-requisites
 - **Pre-requisites: One Required**
 - Program Admission
 - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
- Revision of learning outcomes
 - See Appendix for full details

RADT 1065: Radiologic Science

- Revision of learning outcomes
 - See Appendix for full details.

RADT 1075: Radiographic Imaging

- Course description updated to remove outdated terminology and align with current professional practices.
- Removal of the "internship" description within the regular lab category and replaced it with "lab".
- Revision of competencies
 - See Appendix for full details
- Revision of learning outcomes
 - See Appendix for full details

RADT 1085: Radiologic Equipment

- Course description updated to remove outdated terminology and align with current professional practices.
- Revision of learning outcomes
 - See Appendix for full details

RADT 1200: Principles of Radiation Biology and Protection

- Removal of "one-required" statement from the pre-reqs description
 - Pre-requisites
 - **Pre-requisites: One Required**
 - Program Admission
 - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
- Revision of learning outcomes
 - See Appendix for full details

RADT 1320: Clinical Radiography I

- Course description updated to remove outdated terminology and align with current professional practices.
- Removal of "one-required" statement from the pre-reqs description
 - Pre-requisites
 - **Pre-requisites: One Required**
 - Program Admission

- Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
- Revision of competencies
 - See Appendix for full details
- Revision of learning outcomes
 - See Appendix for full details

RADT 1330: Clinical Radiography II

- Course description updated to remove outdated terminology and align with current professional practices.
- Removal of "all-required" statement from the pre-reqs description
 - Pre-requisites
 - **Pre-requisites: All Required**
 - Program Admission
 - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
- Revision of competencies
 - See Appendix for full details
- Revision of learning outcomes
 - See Appendix for full details

RADT 2090: Radiographic Procedures III

- Removal of "one-required" statement from the pre-reqs description
 - Pre-requisites
 - **Pre-requisites: One Required**
 - Program Admission
 - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
- Revision of learning outcomes
 - See Appendix for full details

RADT 2260: Radiologic Technology Review

- Course description updated to remove outdated terminology and align with current professional practices.

- Revision of competencies
 - See Appendix for full details
- Revision of learning outcomes
 - See Appendix for full details

RADT 2340: Clinical Radiography III

- Course description updated to remove outdated terminology and align with current professional practices.
- Removal of "one-required" statement from the pre-reqs description
 - Pre-requisites
 - **Pre-requisites: One Required**
 - Program Admission
 - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
- Revision of competencies
 - See Appendix for full details
- Revision of learning outcomes
 - See Appendix for full details

RADT 2360: Clinical Radiography IV

- Course description updated to remove outdated terminology and align with current professional practices.
- Removal of "all-required" statement from the pre-reqs description
 - Pre-requisites
 - **Pre-requisites: All Required**
 - Program Admission
 - Removal of the statement will allow college & program flexibility and decrease registration restrictions that some colleges are experiencing.
 - Revision of competencies
 - See Appendix for full details
 - Revision of learning outcomes
 - See Appendix for full details

All revisions were voted in by the IFCC. The revisions required the creation of 2021 versions for all RADT course standards and the RT23 program standards. Overall, the revisions made did not impact the total credit or contact hours for the RT23 program. The RT23 program remained at 77 credit hours.

Votes should be submitted no later than April 20th, 2021.
