Healthcare Professional/HP41

[Click or tap here to enter text.]

TICKET INFORMATION:

Upon the request of Columbus Technical College to provide flexibility amongst courses within the general education areas of the HP41: Healthcare Professional program, all the courses within each area has been listed. This will allow students to select from any of the classes to achieve the general education area's hourly requirement. This change was made to the 2018 version of program and the credit hours remained at 36. Additionally, this change will not impact the program at any college and does not require any implementation.
