**Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):**

Opticianry/OP13

Eye Anatomy and Physiology/OPHD 1020

### TICKET INFORMATION:

This information ticket is to inform colleges of a minor change to the OPHD 1020 course. Based on notification TCSG received from the faculty of the Opticianry program, the 2010 version of the OPHD 1020 course has an incorrect Regular Lab description listed within the curriculum database. The course has “Internship” as the description for Regular Lab.

Regular lab hours should be identified as “Lab” only and nothing more. The CPS has updated the 2010 version of the course to remove the “Internship” description from Regular Lab and replace it with the “Lab” description. This change will not affect the total credit or contact hours of the course.
