Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):

Phlebotomy Technology Specialist/PT71

[Click or tap here to enter text.]

TICKET INFORMATION:

The PT71: Phlebotomy Technology Specialist TCC program belongs to Southern Crescent Technical College. The VPAA of Southern Crescent has granted permission for the System Office to update the program to “standard” status. Additionally, the FSSE 1000: First-Semester Seminar course belong to Athens Technical College has been uploaded within the program as an “or” option to the ALHS 1090: Medical Terminology course.

To minimize the duplication of similar institutional developed programs within the KMS curriculum database, these revisions will allow Athens Technical College to submit a new program request for a standard program with flexibility rather than creating a similar institutional developed program. Overall, the revisions to the PT71 program did not impact the credit & contact hours. The program remained at 18 credit hours.
