**PAS Group Title/PAS Code: Health Care Assistant/1210**

Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):	
Health Care Science/HS21	Radiographic Procedures I/RADT 1030

### TICKET INFORMATION:

The Radiologic Technology IFCC met on March 22<sup>nd</sup>, 2021, and revised the RADT courses to align with the latest version of the American Society of Radiologic Technologist (ASRT) curriculum standards. The revisions within the courses resulted in creating the 2021 versions of the RADT classes due to removing outdated vocabulary used within the competencies and learning outcomes. However, the credit and contact course of the RADT courses remained untouched.

This information ticket is to inform colleges that the 2014 version of the RADT 1030: Radiographic Procedures I course has been replaced with the 2021 version within the following programs,

### Programs Containing Selected Course RADT 1030

Major Code	Program Name	PAS Code	Credit Hrs	Program Version	Standard or Institutional
HS21	Health Care Science	1210	36	201512	Standard

In detail, the HS21 program is a standard program with the RADT 1030 course listed as a “specialization” option. Overall the 2021 version of the RADT 1030 course did not impact the total credit or contact hrs of the HS21 program, and it remained as is.
