PAS Group Title/PAS Code: Health Care Assistant/1210

Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):	
Healthcare Professional/HP41	Radiologic Science/RADT 1065

TICKET INFORMATION:

The Radiologic Technology IFCC met on March 22nd, 2021, and revised the RADT courses to align with the latest version of the American Society of Radiologic Technologist (ASRT) curriculum standards. The revisions within the courses resulted in creating the 2021 versions of the RADT classes due to removing outdated vocabulary used within the competencies and learning outcomes. However, the credit and contact course of the RADT courses remained untouched.

This information ticket is to inform colleges that the 2014 version of the RADT 1065: Radiologic Science course has been replaced with the 2021 version within the following programs,

Programs Containing Selected Course RADT 1065

Major Code	Program Name	PAS Code	Credit Hrs	Program Version	Standard or Institutional
HP41	Healthcare Professional	1210	36	201812	Standard

In detail, the HP41 program is a standard program with the RADT 1065 course listed as a “or” option. Overall the 2021 version of the RADT 1065 course did not impact the total credit or contact hrs of the HP41 program, and the hours remained as is.
