TICKET INFORMATION:

The DMS3: Diagnostic Medical Sonography PROBE voting period ended on Monday, September 6. There are a total of 8 colleges currently offering the DMS3: Diagnostic Medical Sonography program. Based on the PROBE results, 13 colleges voted in favor of the PROBE. Based on the comments provided by the colleges, TCSG will ensure that the oversight in revisions made within the curriculum database for the DMSO courses is updated.

Additionally, the CPS met with the IFCC on Tuesday, September 28, to discuss the need to include additional pre-requisites courses for each DMSO course other than "Program Admission." The additional pre-requisites added to the DMSO courses will ensure that students succeed and progress efficiently throughout the program. The IFCC discussed and agreed on adding the following pre-requisites to its respective DMSO courses.
