**PAS Group Title/PAS Code: Cardiovascular Technology/0270**

Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):	
Vascular Technology/VT13	Vascular I/VAST 1041 (GA Northwestern)
Vascular/ VA13 (GA Northwestern)	Vascular Fundamentals/VAST 1100
	Vascular II/VAST 2050
	Vascular II/VAST 2071 (GA Northwestern)

### TICKET INFORMATION:

The VT13: Vascular Technology PROBE voting period ended on Monday, September 6. There are a total of 3 colleges offering the VT13: Vascular Technology programs. Based on the PROBE results, 4 colleges voted in favor of the PROBE. There were no further comments provided.

Additionally, the CPS met with the IFCC on Tuesday, September 28, to discuss the need to include additional pre-requisites courses for each VAST course other than "Program Admission." The additional pre-requisites added to the VAST courses will ensure that students succeed and progress efficiently throughout the program. The IFCC discussed and agreed on adding the following pre-requisites to its respective VAST courses.

VAST 1040: Vascular I

- DMSO 1040: Sonographic Physics and Instrumentation was added as a pre-req requirement.
- VAST 1100: was added as a pre-req requirement.

VAST 1100: Vascular Fundamentals

- BIOL 2114: Anatomy and Physiology II
- BIOL 2114L: Anatomy and Physiology Lab II

VAST 2050: Vascular II

- VAST 1040: Vascular I

VAST 2060: Vascular Clinical I

- DMSO 1040: Sonographic Physics and Instrumentation was added as a pre-req requirement.
- VAST 1100: Vascular Fundamentals was added as a pre-req requirement.

VAST 2080: Vascular Clinical II

- VAST 2060: Vascular Clinical I was added as a pre-req requirement.

VAST 2090: Vascular Clinical III- Externship

- VAST 2080: Vascular Clinical II was added as a pre-req requirement.

Overall, these additional revisions did not impact the 73 credit hour requirement identified within the PROBE notice. In conclusion, the presidents will review probe results on Tuesday, October 26, for final comments and review.
