PAS Group Title/PAS Code: Practical Nursing and Related Programs/0950

Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):

Practical Nursing/PN12

[Click or tap here to enter text.]

TICKET INFORMATION:

This information is intended to inform colleges of a minor modification within the standard PN12: Practical Nursing diploma program. The 201412 version of the program has been updated to provide more flexibility within the MATH requirement selection. For the MATH 1100: Quantitative Skills & Reasoning course, an “or” option of MATH 1103: Quantitative Skills & Reasoning has been created. Creating this “or” option will allow flexibility for colleges that only offer the MATH 1103 course but may have students who transfer within the program from a University System of GA (USG) school and has the MATH 1100 course completed on their transcript. Currently, the TCSG MATH 1100 course is a non-transferrable course to a USG school. Overall, the total credit hours of the PN12: Practical Nursing program remained at 57 hours.
