**PAS Group Title/PAS Code: Nursing/0860**

Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):	
Associate Degree in Nursing (Bridge Option)/AD63	Introduction to Professional Nursing Practice/RNSG 2625
	Introduction to Professional Nursing Practice/RNSG 2609

### TICKET INFORMATION:

The AD63: Associate Degree in Nursing (Bridge Option) is an institutionally developed program belonging to North GA Technical College. The college has requested to renumber the RNSG 2625: Introduction to Professional Nursing Practice course to a lower course number because it is an introductory course and not a capstone course for which it has been mistaken due to its high number sequence. Per the college's request, the course competencies and learning outcomes within the RNSG 2625 course were added to the RNSG 2609 course. In addition, several new learning outcomes were added to the RNSG 2609 course to fulfill the cultural competence content required within the nursing curriculum. The RNSG 2609: Introduction to Professional Nursing Practice will replace the RNSG 2625: Introduction to Professional Nursing Practice, as requested by the college. In conclusion, the revisions did not impact the program's total contact or credit hours. The AD63: Associate Degree in Nursing (Bridge Option) credit hours remained at 65 hours.
