PAS Group Title/PAS Code: Nursing/0860

Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):	
Nursing Augusta Technical College (NB73)	RNSG 2270- Pediatric
	RNSG 2230-Maternal-Child Nursing

TICKET INFORMATION:

The NB73: Nursing is an institutionally developed program belonging to Augusta Technical College. The college has requested to add more didactic instructional time and decrease the lab time for both RNSG 2270- Pediatric and RNSG 2230 -Maternal-Child Nursing. The request by the college is to change the lecture contact hours per week to 3 with 2250 minutes and the other lab contact time to 3 hrs. with 2250 minutes. This would make the total credit hours 3 lecture hours and 1 lab credit hour totaling 4 credit hours for this course. This change, which is requested for each course takes 1 hour of content from the other lab category and adds it 1 hour to lecture content time. This does not change credit hours for either course, it is just the moving of content hours from lab to lecture. Edits have been made to the existing versions of the courses (201003L). Changes are effective immediately.
