### TICKET INFORMATION:

The pre-req and co-req of the 2023 version of the DENA 1480: Dental Practicum III course has been updated to include DENA 1390: Dental Radiology. DENA 1480: Dental Practicum III has several radiography techniques, competencies, and learning outcomes requiring a student to have prior radiographic knowledge. Adding DENA 1390: Dental Radiology as a pre-req & co-req to the DENA 1480: Dental Practicum III course is a vital requirement for students' success within the program, specifically within the DENA 1480: Dental Practicum III course. In addition, adding the DENA 1390: Dental Radiology course as a pre-req and co-req will allow the curriculum to remain flexible.
