MATH 1013 – Algebraic Concepts

### TICKET INFORMATION:

At the request of Central Georgia Technical College, MATH 1013 – Algebraic Concepts was removed from their institutionally developed RW41 – Residential/Industrial Wiring TCC program. The purpose of the revision is to potentially improve the graduation rate.

The curriculum revision decreased the number of credit hours from 17 to 14. The new program version is 202412 and will be approved by the state board in August.
