

Technical College

System of Georgia

Healthcare initiatives in Secondary Education

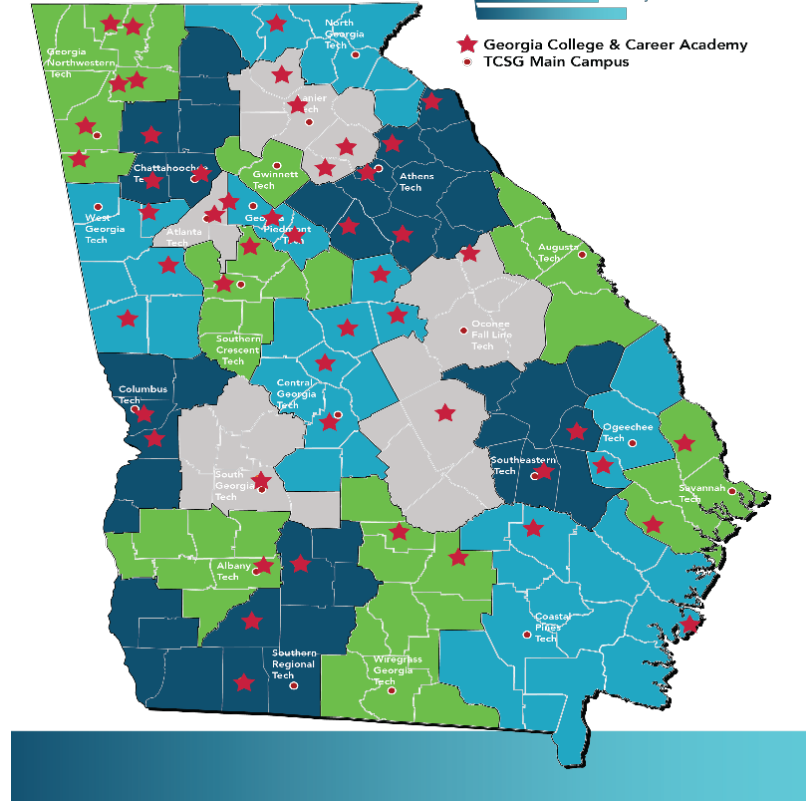

Georgia College & Career Academies

- 54 Active CCAs serving approximately 50,000 students
- A specialized school representing a partnership between secondary, post-secondary, and business/industry
- Course offerings are designed to meet the needs of workforce development in the community
- Healthcare programs are offered at 34 CCAs enrolling approximately 5,000 students
- GA CCAs offer both High School and Dual Enrollment Healthcare Programs in over 15 concentrations

Georgia College & Career
Academy Accessibility

★ Georgia College & Career Academy
● TCSG Main Campus

Dual Enrollment

- Provides high school students with the opportunity to take college courses for both college and high school credit.
- A wide variety of healthcare courses and certifications are available to students including EMR, EMT, PCT, MA, and Phlebotomy
- Courses are taught on Technical College campuses, College and Career Academies, and High Schools.

Accelerated Career

- Dual enrollment program that provides students with another path to a high school diploma
- Students take a reduced academic courseload to focus on completing two Technical certificates of Credit at the college level
- Current approved Healthcare Programs under Accelerated Career include certificates in EMR/EMT, EMT/AEMT, *Nurse Aid/Geriatric or Residential Care, and Nurse Aid/*Phlebotomy

*Accelerated certificates available for Nurse Aid and Phlebotomy Tech

GEER II Healthcare Initiative

- Over \$800,000 in GEER II Funding provided by the Governor Kemp's office to cover training costs for Dually Enrolled students
- Covered Nurse Aid and Geriatric Aid Certification for approximately 400 Students in SY23
- Will cover an additional 500 students during Fall Semester 2023

DUAL ACHIEVEMENT

- The Dual Achievement Program is another path toward high school graduation that allows students to earn a high school diploma at a Technical College System of Georgia High School Academy
- Students will complete both high school (if needed) and college course work at a TCSG High School Academy
- Students will graduate high school with a high school diploma and college credentials
- Current approved Healthcare Programs for DAP include numerous certificates in the areas of Medical Assisting, Nursing/Nurse Aid, and Paramedicine
