**PAS Group Title/PAS Code: Medical Laboratory Technology/0840**

**Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):**

Phlebotomy Technician/PT21

[Click or tap here to enter text.]

### TICKET INFORMATION:

This information ticket will inform colleges offering the PT21: Phlebotomy Technician program of recent changes. It has been requested that the PHLT 1055: Accelerated Phlebotomy Clinical Practice course be added as an “or” option to the PHLT 1050: Clinical Practice course. The competencies of each course are identical and meet the guidelines for national certification. Allowing these clinical courses to be “or” options within the PT21 program will allow colleges to satisfy students' needs based on the clinical rotation they have already taken. The credit and contact hours for the PT21: Phlebotomy Technician program remained the same. The PT21 program remained at 23 total credit hours.
