CS14 Computer Specialist Diploma	CIST 2130 Desktop Support Concepts
CS23 Computer Specialist Degree	CIST 2921 IT Design, Analysis, and Project Management

TICKET INFORMATION:

The Computer Support IFCC unanimously agreed to add the newly revised CIST 2130 Desktop Support Concepts with CIST 2921 IT Design, Analysis, and Project and Management as a capstone option group for the degree and diploma. The committee decided that CIST 2130 would be a viable capstone course option for the Computer Support Specialist diploma and degree. Creating the option group resulted in no change to the total credit hours for the Computer Support Specialist diploma and degree. The updated CIST 2130 course has been added to the CS14 Computer Specialist diploma and CS23 Computer Support Specialist degree program. This change is effective immediately.
