Program Standard Title/Major Code(s) and/or Course Standard Title/Course Code(s):	
---	--

WA12 Welding and Joining Technician (201812)	WELD 1085 - SMAW Stainless Steel Groove Welds
--	---

### TICKET INFORMATION:

At the request of Southern Crescent Technical College, the WELD 1085 – SMAW Stainless Steel Groove Welds course was removed as a required occupational course in the WA12 – Welding and Joining Technician diploma program. Southern Crescent is the only college offering this program. The removed course was replaced with an Occupational Elective. The purpose of the request was due to the high cost of stainless steel material and low industry demand for this skillset.

No other changes were made to the program and the total program credit hours and contact remained unchanged. The program version remained 201812.
